MINUTES OF A MEETING OF TADLEY TOWN COUNCIL HIGHWAYS AND PLANNING COMMITTEE HELD ON ZOOM AT 7.30PM ON 28 SEPTEMBER 2020

Present: Cllrs Burdett, Lovegrove, Mullan (Chairman), Page, Slimin, Spence and Witton.

In Attendance: Clerk

1. APOLOGIES

Received and accepted from Cllrs Bower and Charlick.

2. DECLARATIONS OF INTEREST AND DISPENSATION REQUESTS

There were no declarations of interest or dispensation requests.

3. MINUTES

6/21HP It was

RESOLVED (7/0/0) to receive and confirm the accuracy of the minutes of the Highways and Planning Committee Meeting held on 24 August 2020.

4. OPEN FORUM

There was no requirement for an open forum.

5. CURRENT PLANNING APPLICATIONS

20/01616/HSE 44 Huntsmoor Road

Mr L Barker

Proposal: Erection of front porch

https://pad.basingstoke.gov.uk/DocumentViewer/?DocumentClassCode=DC&Folder1Reference = 20/01616/HSE

Comment (7/0/0): No objection

20/02127/HSE 4 The Oaks

Mr & Mrs Markides

Proposal: Erection of single storey rear extension

 $\underline{https://pad.basingstoke.gov.uk/DocumentViewer/?DocumentClassCode=DC\&Folder1Reference} = \underline{20/02127/HSE}$

Comment (7/0/0): No objection

20/02140/HSE 110 Franklin Avenue

Mr J Colledge

Proposal: Demolition of existing bungalow, garage and outbuildings and erection of 4no. 3-bed houses. Construction of new access with crossover.

https://pad.basingstoke.gov.uk/DocumentViewer/?DocumentClassCode=DC&Folder1Reference = 20/02140/FUL

Comment (7/0/0): Object. Regret to see the loss of a bungalow as these are in short supply in Tadley. Overdevelopment of the site. Concerned about the impact of another 8 plus vehicles accessing and egressing Franklin Avenue which is an extremely busy thoroughfare. Disappointed that the application does not include grey water harvesting, renewable or low carbon energy systems, green roofs and waste recycling. Question the location of the waste bins in relation to plots 3 and 4. Regret to see the loss of a mature hedgerow.

Mr & Mrs Watson

Proposal: Erection of a front porch extension

https://pad.basingstoke.gov.uk/DocumentViewer/?DocumentClassCode=DC&Folder1Reference = 20/02213/HSE

Comment (7/0/0): No objection

20/02430/HSE 38 Millers Road

Mr R Tanquay

Proposal: Extension to rear of bungalow

https://pad.basingstoke.gov.uk/DocumentViewer/?DocumentClassCode=DC&Folder1Reference = 20/02430/HSE

Comment (7/0/0): No objection

6. **CONSULTATIONS**

A consultation from the Department of Transport was received: Managing pavement parking

https://www.gov.uk/government/consultations/managing-pavement-parking?fbclid=lwAR146RIVr50TomyGrIR15nU4v4BHMrORkfXdjzKGkDL2O-LRlgPIB-ynshc

7/21HP It was

RESOLVED (7/0/0) to respond as attached.

A consultation from the Ministry of Housing, Communities & Local Government was received: Changes to the current planning system

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/907215/200805_Changes_to_the_current_planning_system_FINAL_version.pdf

8/21HP It was

RESOLVED (7/0/0) to respond:

Question 13 – We disagree with the proposal to exempt developers from paying Community Infrastructure Levy (CIL) for First Homes, an increase in local population puts more strain on existing resources, therefor CIL is needed to pay towards this.

Paragraphs 71 and 72 – We disagree with the proposal to allow small and medium builders to defer CIL payments. These type of organisations are often only in existence for a few years, therefore the CIL will become unrecoverable.

Question 17 – We disagree with the proposal to up the small site threshold to 40 or 50 for developers to make affordable housing contributions. In a time where thousands of people are facing redundancy we should be providing more affordable housing.

We make a general comment that these proposed changes are being made to meet the needs of developers and enable them to maximise their profits. These proposed changes do not take in to account the specific needs of individual communities and their resident's housing requirements.

The meeting of	closed at	7.56pm.
----------------	-----------	---------

Signed:	Dated: 26 October 2020

Pavement parking Introduction

Thank you for responding to our consultation 'Pavement parking: options for change', your views will assist in deciding future policy for paving parking enforcement.

Closing date is 22 November 2020.

Confidentiality and data protection

The Department for Transport (DfT) is carrying out this consultation to decide on	the fu	uture d	of
pavement parking enforcement policy including your:			

favoured option of enforcement
views on all enforcement options
views on the vehicles exempted from these proposals
views on the effect of the policies on different societal groups

and your reasons in order to gain a thorough understanding of your viewpoint.

This consultation and the processing of personal data that it entails is necessary for the exercise of our functions as a government department. If your answers contain any information that allows you to be identified, DfT will, under data protection law, be the controller for this information.

In this consultation we're asking for:

- your name and email address, in case we need to ask you follow-up questions about your responses (you do not have to give us this personal information, but if you do provide it, we will use it only for the purpose of asking follow-up questions)
- whether you are representing an organisation and if so the name of that organisation

Plus as an individual we are asking for your views towards pavement parking in your local area and the reasons, to attempt to understand how much local action affects your viewpoint.

Additionally	for	an	organisation	we	will	ask:

- for the organisation name, for identification of the business
- if your organisation is a commercial business with deliveries and, if so, the amount of deliveries and your view towards the 20 minute delivery exemption, since this criteria is still open to change
- if your organisation is a council and, if so, for numerous extended views on the
 - impacts
 - issues
 - costs
 - problems
 - implementation

of the options plus previous parking enforcement experience at a local level to better inform our final decision

Your personal data is processed on behalf of DfT by Smartsurvey, with respect that they run the survey collection software only but will not be shared with any other third parties. DfT's privacy policy has more information about your rights in relation to your personal data, how to complain and how to contact the Data Protection Officer.

Your information will be kept securely and destroyed within 12 months after the consultation has been completed. Any information provided through the online questionnaire will be moved to our internal systems within 2 months of the consultation end date.

Personal details

1. Your (for contact purposes only):

name?	Town Clerk
email?	clerk@tadleytowncouncil.gov.uk

2. Are you responding as: *

	an individual?
Yes	on behalf of an organisation? (Go to
	Organisation details question 6)

Problem

3. Do y	ou think vehicles	being parked on	the pavement is a	problem in your area? *
---------	-------------------	-----------------	-------------------	-------------------------

Yes
No (Go to Proposals question 14)
Don't know? (Go to Proposals question 14)

What problems?

4. Pavement parking causes you problems because:

you have a sight impairment?
you have a mobility impairment?
you use a buggy or pram to transport children?
of another issue?

5. Would you leave home more often if there was no pavement parking? (Go to Proposals question 14 after answering)

Yes
No
Don't know?

Organisation details

6. Your organisation's name is?

Tadley Town Council

7. Is your organisation a commercial business? *

	Yes
No	No (Go to Problem question 13)

Deliveries

8. Does your organisation routinely make deliveries as part of its business? *

Yes
No (Go to Problem question 13)

20 minutes parking exemptions

We are suggesting 3 options to address the problem of pavement parking, two of these

options, stated as "option 2" and "option 3", if implemented would also include a business vehicle exception for deliveries. This exception would allow 20 minutes, in line with existing London legislation, for a delivery to be completed. 9. Do you agree that 20 minutes of pavement parking would be adequate for a delivery? * Yes (Go to Problem question 13) **Against 20 minutes exemption** 10. Why not? 11. Of all the daily deliveries that you may make, what percentage do you think will take longer than 20 minutes each to be completed? * 0% (Go to Problem question 13) 1 to 10% 11 to 20% 21 to 30% 31 to 40% 41 to 50% 51 to 60% 61 to 70% 71 to 80% 81 to 90% 91 to 100% **Delivery types** 12. In your opinion, what types of delivery that you make would require greater than 20 minutes?

Problem

13. Do you think vehicles being parked on the pavement is a problem in your area?

Yes	Yes
	No
	Don't know?

Proposals

We are researching ways that we can address pavement parking problems and, as part of this, are already working to simplify the process for Traffic Regulation Orders (TROs), making them less time-consuming and burdensome to implement.

TRO's can be used by a council to prohibit pavement parking locally.

We are suggesting 3 options to address the problem of pavement parking, although we are not limited to these.

Option 1

This involves completing the simplification work on TRO's but no additional action beyond this. TRO's allow councils to restrict pavement parking and set their own conditions for exceptions to these rules.

Option 1 is explained in more detail in the consultation document.

Option 2

In addition to option 1 we would allow councils to enforce against 'unnecessary obstruction of the pavement'. This is not a general pavement parking prohibition like option 3, but instead empowers councils to issue Penalty Charge Notices in individual instances. However, this option, would include a suggested 20-minute exception, for business vehicles, allowing them to pavement park for up to this time in order to load or unload goods when no other choice exists, in places such as narrow streets. Standard exceptions would also apply for emergency service and utility vehicles.

Option 2 is explained in more detail in the consultation document.

Option 3

In addition to option 1 we would introduce an England-wide pavement parking prohibition. Unlike option 2 which allows for enforcement of individual instances of obstructive pavement parking, this would prohibit pavement parking nationally, while allowing councils to implement local exemptions (such as for narrow streets where pavement parking is essential to ensure traffic flows) which would be shown by use of traffic signs and bay markings. We also propose including a 20 minute exception, for business vehicles, allowing them to pavement park up to this time in order to load or unload goods when no other choice exists, in places such as narrow streets. Standard exceptions would also apply for emergency service and utility vehicles.

Option 3 is explained in more detail in the consultation document.

14. Your preferred option is: *

action? (Go to View on options)		1, simplification of TRO's but no additional action? (Go to View on options)
---------------------------------	--	--

	2, in addition to option 1 allow councils to enforce against 'unnecessary obstruction of the pavement? (Go to View on options)
Yes	3, in addition to option 1 introducing an England-wide pavement parking prohibition? (Go to View on options)
	an alternative option?

Another option

15. Describe your alternative approach.

Options 2 and 3 are both going to be unworkable in practice. Tadley is a town with higher than average car ownership due to lack of transport links to Newbury, Reading and beyond. A lot of houses in Tadley were built prior to the increase in car ownership in the town, estates were built with no consideration for this growth. There are roads in Tadley where if parking on the pavement were

to be prohibited then parking on the road would bar access for emergency and refuse vehicles.

View on options

As part of our research we are asking for your views on options 2 and 3, irrespective of what you chose as your preferred option.

Option 2: allow councils to enforce against 'unnecessary obstruction of the pavement'

Option 2 - in addition to option 1 we would allow councils to enforce against 'unnecessary obstruction of the pavement'. This is not a general pavement parking prohibition, but instead empowers councils to issue Penalty Charge Notices in individual instances. However, this option would include a suggested 20 minute exception, only applicable to business vehicles, allowing them to pavement park for up to this time in order to load or unload goods when no other choice exists, in places such as narrow streets. Standard exceptions would also apply for emergency service and utility vehicles.

16. How would you define an 'unnecessary obstruction of the pavement'?

Any vehicle parked on the pavement, refuse collection bins left on the pavement

17. Do you think a warning notice should be given for first time offences of causing an unnecessary obstruction by parking on the pavement?

Yes	Yes
	No
	Don't know?

18. What do you think are the advantages and disadvantages associated with this option 2?

Disadvantage of option 2 it is down to individual councils to determine whether they wish to enforce this

Option 3: an England-wide pavement parking prohibition

Option 3 - in addition to option 1 we would introduce an England-wide pavement parking prohibition. This would prohibit pavement parking as a default position, while allowing councils to implement local exemptions (such as for narrow streets where pavement parking is essential to ensure traffic flows) which would be shown by use of traffic signs and bay markings. This option would include a suggested 20 minute exception, only applicable to business vehicles, allowing them to pavement park for up to this time in order to load or unload goods when no other choice exists, in places such as narrow streets. Standard exceptions would also apply for emergency service and utility vehicles.

19. Do you think a national prohibition should apply: *

	on no roads (since you are against the proposal)? (Go to Option 3: an England-wide pavement parking prohibition question 21)
Yes	on all public roads within the country?
	only on roads with speed limits up to 40mph (this includes roads in villages, towns and cities)?
	in an alternative way of your description?

National prohibition

20. Should a national prohibition apply to:

	pavements only?
Yes	pavements and verges?

Option 3: an England-wide pavement parking prohibition

Councils would exempt certain areas, where pavement parking remains essential such as narrow terraced streets with no off-street parking availability, by use of traffic signs and bay markings.

These signs and markings would be used to indicate to motorists where they were allowed to park.

21. What are your views on the impact this would have on the built and historic environment?

This is already happening so no additional impact		
22. What do you think are the advant	tages and disadvantages of opti	on 3:
for rural areas including villages?	and an additional and a second	
- 0 0		
for suburban areas ?		
for town and city centres?		
	Advantage is increases	
overall?	access for all	
Option 2 environmen	tal effect	
23. Do you believe option 2 would ha	ave an impact on the environme	nt?
A1.	Yes	
No	No (Go to Option 3 envir question 25)	
	Don't know? (Go to Opti effect question 25)	on 3 environmental
Option 2 environmen	•	
24. What impact?		
Option 3 environmen	tal effect	
•		

25. Do you believe option 3 would have an impact on the environment?

	Yes
No	No (Go to Exceptions question 27)
	Don't know? (Go to Exceptions question 27)

Option 3 environmental impact

26. What impact?		

Exceptions

For both options 2 and 3 we propose exceptions for:

•	fire brigade purposes
•	police purposes
•	parking in accordance with a direction given by a constable
•	ambulance purposes
•	the provision of, or in connection with, urgent or emergency health care, by a registered medical practitioner, registered nurse or registered midwife
•	the purpose of saving life or responding to another similar emergency
•	the purpose of providing assistance at an accident or breakdown
•	postal services (within the meaning of section 125(1) of the Postal Services Act 2000)
•	delivery, collection, loading or unloading of goods to, or from any premises, in the course of business (where this cannot reasonably be carried out without the vehicle being parked on a pavement; and the vehicle is so parked for no longer than is necessary for these purposes, and in any event for no more than a continuous period of 20 minutes)
•	collection of refuse by, or on behalf of, the council
•	street cleansing purposes by, or on behalf of, the council
•	gritting or salting or the clearance of snow by, or on behalf of, the council
•	road works by, or on behalf of, the council
•	road maintenance (including street furniture) by, or on behalf of, the council
•	street works by, or on behalf of, the council or statutory undertakers, including utility

For option 3, we also propose an exception for any vehicle authorised by the council to be
parked in a specified place at a specified time.
27. What, if any, other additional vehicles or services would you like to exempt and why?
Equality
In developing its pavement parking policy, the department will give due regard to the objective of:
eliminating discrimination
advancing equality of epportunity
advancing equality of opportunity
fostering good relations

28. How do you think "option 2" will affect people who share the following protected characteristics of:

	eliminati discrimina (Positively/Ne /No affect/Don	tion? gatively	advancing equa opportunity (Positively/Nega /No affect/Don't k	? itively	fostering good relations between people? (Positively/Negatively /No affect/Don't know?)
